

TRANSPONDER - WIRING HARNESSSES

WIRING HARNESSSES

Using high quality materials, Trig harnesses are fully tested, quality controlled and will provide you with a reliable, faster and easier installation. These harnesses are intended for light-sport, experimental and homebuilt aircraft owners.

Save time and frustration – order a compatible wiring harness with your Trig transponder.

FEATURES

COMPATIBLE TRIG PRODUCTS

Trig wiring harnesses are designed to be used with Trig compact transponders, with the option of including wiring for the TN72 GPS.
