

## COMBO

The superversatile and portable flight simulator

Introducing a versatile, easy to pack and quick to set up flight simulator. For professionals and/or home use. Includes our popular Solo Airliner Flight Panel to fly more than 8 different cockpit configurations. Single Engine Piston Aircraft, Twin Engine Piston Aircraft, TurboProps and even the Boeing 737 Airliner. Of course it comes with our very own quality flight sim controls, the Yoko/Yoko+, TQ3+/TQ6+ and RUDDO+ The SOLO flight panel is a touchscreen cockpit trainer designed to let ATPL Student-Pilots practice at home and evolve on their flight training. As easy as selecting the desired cockpit display from the tactile screen menu.

Simulated airplanes: Cessna 172, Cessna 182 RG, Mooney Bravo M20J, Baron B58, Boeing 737 and generic panels for single & twin engine on GA and turbo-prop airplanes. STEM EDUCATION: These Flight simulators have been used in different STEM projects in Poland, Norway, Netherlands, Spain and China. It is a perfect tool for science classes: students learn how to elaborate a flight plan, how to fly an airplane, and then, they actually get to fly on the simulators. Used by the companies First Scandinavia and Boeing in the mobile Newton Room solutions.

## CARACTERÍSTICAS

### COMBO 32 SOLO Airliner

Includes YOKO "the yoke", TQ6 throttle quadrant, SOLO Airliner "Touch screen panel for single&twin engine aircraft, piston&turbo-prop", Intel i5 computer "16GB RAM, SSD 120Gb, GTX 1050 Ti , W10 X64 English", 1x 32" screen TV (adjustable height). Prepar3D PRO license included. Everything together mounted on a desktop metal base. Do not includes RUDDO and Airliner B-737.

### COMBO 40 SOLO Airliner

Includes YOKO "the yoke", TQ6 throttle quadrant, SOLO Airliner "Touch screen panel for single&twin engine aircraft, piston&turbo-prop", Intel i5 computer "16GB RAM, SSD 120Gb, GTX 1050 Ti , W10 X64 English", 1x 40" screen TV (adjustable height). Prepar3D PRO license included. Everything together mounted on a desktop metal base. Do not includes RUDDO and Airliner B-737.
